REACCIÓN AGENCIA ADUANAL

Services offered:

- Customs clearance of goods before the competent authority.
- Correspondents for other customs offices in the country, which due to their geographical location and communication routes allow us to have import and export alternatives.
- Consolidation and deconsolidation service for land, Sea and air cargo with considerable reductions in its costs.
- Representative offices abroad in order to offer customs service on both sides of the border.
- Storage yards.

REACCIÓN LOGÍSTICA ADUANERA

We provide integrated customs and logistics services that facilitate the operations of companies in the oil and Gas industry in Mexico, among other industries.

The strength of our company is based on our technical capacity, quality service, project management, experience and knowledge in the oil field, having the facility to solve any requirement that arises to our clients.
